The Steam Heritage Guide is the most comprehensive annual guide to heritage railways, museums and events on the market, with around 800 museums and other attractions and nearly 1,200 events listed.

By stocking and selling the Guide you not only benefit your own organisation financially but also promote the preservation movement as a whole – including ultimately your own activities.

If you actively sell the Steam Heritage Guide you can make a substantial profit as well – a 50 copy order can earn over £100 profit!

We supply the guide on trade terms based on a retail price of £4.95.
